

Accelerate Business Analytics & Execution

Viscosity AI delivers integrated automation to help organizations adapt quickly in fast-changing environments. It streamlines processes to drive speed, quality, efficiency and informed decisions across finance, operations, and analytics.

Extract Insights and Analytics from Documents

Enable Financial Analysis and Decisions

Automate Processes Intelligently

Transform Accounts Payable

Streamline Accounts Receivable

Reconcile Cash Transactions

Optimize Sales and Marketing

Extract Insights and Analytics from Documents

Rapidly ingest documents and extract key data, risks, obligations, and insights through AI. Build spend profiles, analyze contracts, accelerate due diligence and process improvements.

Enable Financial Analysis and Decisions

Identify acquisition targets using unstructured data. Accelerate M&A evaluation with AI-based diligence. Consolidate data for unified analytics.

Automate Processes intelligently

Digitize any operational workflow. Connect systems flexibly for integrated data analysis and process optimization.

Transform Accounts Payable

Automate invoice processing while gaining spend analytics. Reduce costs and risks while improving compliance.

Streamline Accounts Receivable

Provide customer portals for documents, payments, support, and quality document management and transfer.

Reconcile Cash Transactions

Automate high volume matching of cash transactions. Identify exceptions and accelerate reconciliation of cash receipts and disbursements with bank activity. Identify cash activity anomalies.

Overview - Accelerate Business Analytics & Execution

Intelligent Automation

Automate routine workflows in accounts payable and cash management. The system allows for flexible system integration, aimed at unified data analysis and process improvement.

Optimize Sales and Marketing

Analyze data to tailor outreach across customer channels. Ensure messaging resonates with target audiences and isn't treated as spam.

Benefits

- Faster insights and decisions
- Increased efficiency
- Reduced costs and risks
- Identify waste
- Faster execution
- Improved agility and adoption
- Boost productivity

Integrations

- ERP Systems
- CRM Systems
- Document Management
- Communications
- Accounting Software
- Consolidation & Close

Industries

- Private Equity
- Financial Services
- Accounting
- Manufacturing

Viscosity North America - Your AI Automation Partner

Viscosity North America provides software and services across data, applications, and cloud. We build AI-driven automations integrated across ERP, CRM, and Supply Chain systems.
